This Canadian singer and pianist is a conversationalist.... "the rare singer who delivers a lyric with the natural ease of a good storyteller. Her grace and gentleness, imbued with a "girl-next-door" personality, showcase her at her best."
 Variety

"Carol Welsman is the rarest of discoveries: a fully formed artist with the musicality, imagination and looks to cruise to the top of the jazz vocal genre... balancing the poetry of the words with the melody in a fashion rarely heard in jazz singing." L. A. Times

Founded in 1976, the Quintet of the Americas has long been recognized as one of the leading ensembles of contemporary and folk-inspired wind quintet music of the Western Hemisphere with performances featuring many rare and exotic instruments.

"Musical dialogue at the highest level"
 Washington Post

"Their virtuosity, balances, articulation and intonation mark them as one of the world's top wind quintets. I have never heard finer playing."

Japan's InTune Magazine reviewer
